

About our client

Our client operates in the building industry, a sector integral to the development and infrastructure of Russia. They are currently seeking Locksmiths for assembly works, emphasizing the importance of skilled professionals in ensuring the quality and security of construction projects. This role offers an opportunity to contribute to the building and assembly processes, contributing to the growth and maintenance of structures in Russia. Locksmiths play a crucial role in ensuring the safety and functionality of various building components, making them essential in the construction landscape.

Job Description

Job Title - Machine tool operators

- Set up and adjust machine tools, such as lathes, milling machines, and grinders, following technical specifications and blueprints.
- Operate machine tools to produce parts within specified tolerances and quality standards.
- Monitor machine operations, adjusting as necessary to maintain production quality and efficiency.
- Perform routine maintenance on machine tools to ensure they function correctly.
- Inspect finished parts for quality and accuracy, making any necessary adjustments.
- Collaborate with team members to ensure a smooth and efficient workflow.
- Adhere to safety protocols and wear appropriate personal protective equipment.
- Maintain records of machine operations, maintenance, and quality checks.
- Troubleshoot and resolve minor issues with machine tools.
