

About our client

Our client operates in the apparel industry, a sector that plays a significant role in the Canadian fashion landscape. They are currently seeking Industrial Sewing Machine Operators, emphasizing the importance of skilled professionals in the manufacturing of clothing and textiles. This role offers an opportunity to be part of the team responsible for the precise and efficient operation of sewing machines, contributing to the production of high-quality apparel in Canada. Joining this client means being a valuable contributor to the Canadian apparel industry, ensuring the creation of stylish and functional clothing.

Job Description

Job Title - Industrial Sewing Machine Operator

- Operate industrial sewing machines to sew, stitch, and assemble textile products, including clothing, upholstery, and accessories.
- Read and interpret work orders, blueprints, and instructions to determine sewing requirements.
- Select and install the appropriate thread, needles, and other machine attachments.
- Monitor machine operation to ensure proper stitching, tension, and alignment.
- Inspect finished products for quality, identifying and addressing any defects or inconsistencies.
- Perform routine machine maintenance, including cleaning and oiling.
- Collaborate with the production team to meet daily or weekly sewing targets.
- Adhere to safety protocols and maintain a clean and organized work area.
